

SAPPHIRE POINT OVERLOOK

In order to make your wedding day the way that you want it, we recommend that you visit the site before confirming your plans. If that is not possible, we have provided a drawing with dimensions of the area. ***This area does not accommodate a large number of people.*** As noted, you are required to maintain a minimum of three feet clearance at the back and on the right side of the site. Please carefully consider the size of your wedding party, the items you may wish to have for the ceremony (table, chairs, arch, awning, flowers, etc.) and the size of the aisle, before you determine the number of guests to invite. Our calculations indicate that allowing minimal room for the wedding party; you would be able to accommodate approximately 45 guests within the Sapphire Point Overlook area. Do not attempt to seat guests on the rock walls, there is a steep drop off from the overlook area. Guests are not allowed outside of the walled overlook area. Guests are not allowed to be seated or stand past the lower rock wall.
